**REMARKS**

This Submission is filed with a Request for Continued Examination following receipt by the Applicant of a final Office Action mailed on June 7, 2006, in connection with this case. In that Office Action, the Examiner rejected pending claims 1, 4-6, 8, 9, 12, 13, 15, 18, 19, and 21 under 35 USC § 103(a) as being unpatentable over Scheid et al. In this Request for Continued Examination, the Applicant has amended the claims. The Applicant respectfully submits that the claims submitted herewith contain structure that distinguishes the present invention from the prior art cited in the June 7 Office Action. Reconsideration of the rejections set forth in the June 7 Office Action and allowance of the claims submitted herewith is respectfully requested.
